GalleryX[®] erweckt Wände & Decken zum Leben

A black and white photograph showing a close-up of several UHPC 3D tiles. The tiles are arranged in a grid pattern, with each tile having a distinct, rounded, dome-like shape. The lighting creates strong highlights and shadows, emphasizing the three-dimensional texture and the smooth surface of the tiles.

GX Group Materials is a fine concrete design and manufacturing company focusing on innovation. Its novel concept and manufacturing space include the creation of contemporary concrete architecture and design elements, which makes the material upgrade from the industrial source. The company's manufacturing focus is to explore the customized design of concrete by developing new intelligent materials and aesthetic characteristics, and to create new value in interior design by using its logic.

WATERDROP

WD-001

WD-007

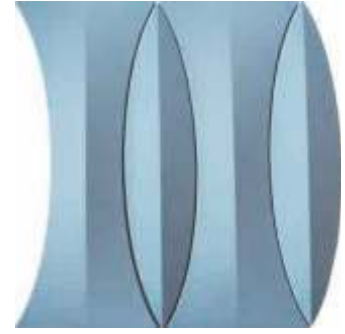

WD-008

WD-006

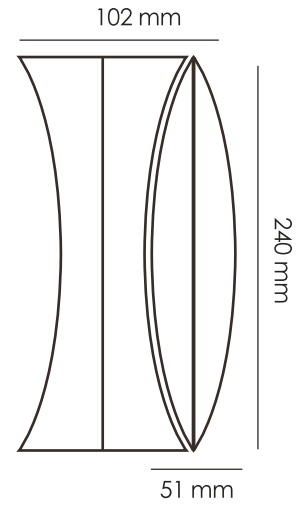

WD-003

WD-005

Water drops into the mud, silent, like tears, like the sigh of the soul, more like the hint of fate, to retain the shape of the last flower. Waterdrop design is bold. 2 parts combined into a beautiful shape.

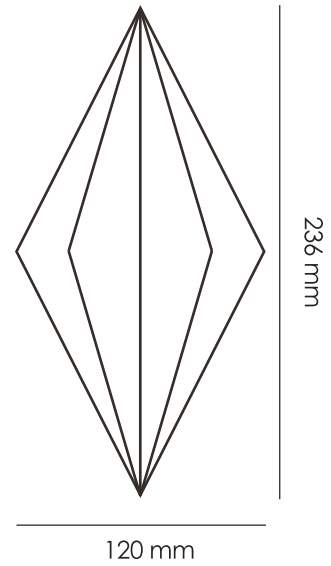

60 T WHITE

10C GRAY

It implies freedom, dream and beautiful, expressing people's yearning and pursuit for a happy life. The artistic design sense of this kind of kite brings interesting and vivid visual elements. While enriching the sense of space levels, it also adds the power of people's imagination and longing for hope, and touches the heart. kite flies against the wind, not down the wind.

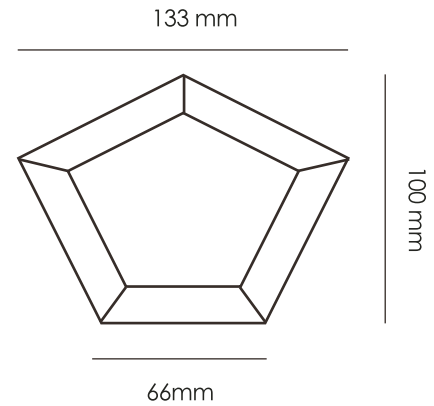

60 T WHITE

10C GRAY

The pentagonal polygon, which means self exploration, diversity and creativity, expresses people's desire for inner freedom by breaking through the traditional limitations, boldly subverting. The challenging irregular Pentagon, with its unique geometric elements, brings a unique balance in the space design, and at the same time, it is full of interest. It breaks some traditional shackles, and forms a strong sense of combination. This is the essence of "simplicity but not simple".

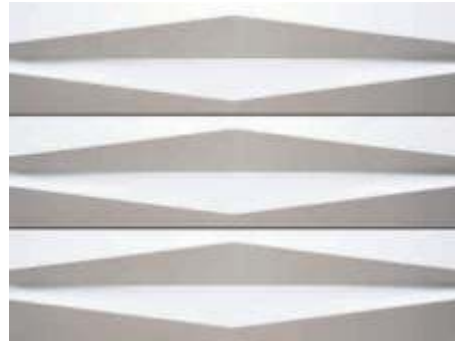

DUNE

ORIGINAL DESIGN

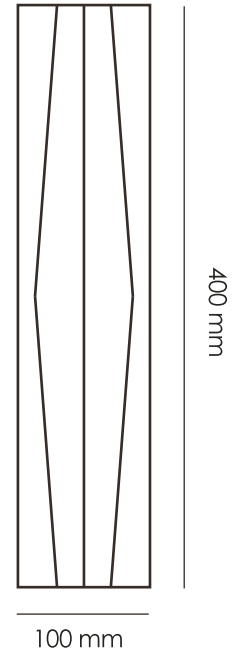

Dunes are composed of elegantly drawn out subway tiles sculpted with an offset angled surface. This creates a modern tapering trapezoid relief that dances across the surface. Meshed in a straight stack pattern, Dune tiles are successively placed to create an exclusive finished surface. flies against the wind, not down the wind.
